Re: Letter of Support for the Benet Academy Stadium Modernization

Dear Village of Lisle Staff, Planning and Zoning Commission, and Village Board,

On behalf of those who support the vitality of our local business community, we are writing to express support for the modernization of the stadium and athletic fields at Benet Academy.

This project represents an investment that stands to positively impact Lisle's economic climate, community image, and long-term growth. The enhancements will:

- **Elevate Lisle's community profile.** An updated stadium and athletic complex will showcase Lisle as a community that values quality facilities, attracting visitors, families, and prospective businesses.
- **Support local commerce.** By bringing games and events back on campus, the project will increase traffic to Lisle's restaurants, shops, and hotels—generating more local spending and economic activity.
- **Ensure safe, modern amenities.** High-quality facilities are consistent with neighboring communities and allow Lisle to remain competitive as families and businesses evaluate where to live, work, and invest.
- **Provide a return on investment.** With improved aesthetics, landscaping, and site design, the campus can create a more appealing gateway along Maple Avenue—reinforcing Lisle's reputation as a welcoming community and possibly increasing property values.

We respectfully ask the Village of Lisle to approve this project and recognize it as an economic and community development initiative that aligns with the Village's long-term goals.

Sincerely,

A handwritten signature in black ink, appearing to read "Jill Eidukas".

Jill Eidukas
